Notice of Preparation And Notice of Public Hearing

Wye Road Intersection Improvements Project
6 April 2010

The City of Bishop proposes to widen and realign the intersection of Wye Road and Highway 6 / North Main Street. To allow for the work, the city proposes to acquire right of way north of Wye Road and relocate overhead utilities. The work will provide free right turn lanes, dedicated left turn lanes, and through traffic lanes on Wye Road which align across the east and west sides of Highway 6. Minor drainage improvements are included.

As Lead Agency under the California Environmental Quality Act (CEQA), the City of Bishop has completed an Initial Study (IS) and prepared a Negative Declaration (ND) for the project. The IS and ND describe the project activities and conclude impacts to the environment that could be caused by the project would be less than significant, pursuant to CEQA.

A paper copy of the IS and ND are available for review at the City of Bishop Department of Public Works, 377 West Line Street, Bishop, at the Bishop Library, 210 Academy Avenue, Bishop, and online at <http://www.ca-bishop.us>

Comments will be accepted until 14 May 2010. Comments can be provided in person to the Public Works office during normal office hours, can be mailed to City of Bishop, Department of Public Works, 377 West Line Street, Bishop, California 93514, or emailed to publicworks@ca-bishop.us

The Bishop City Council will hold a Public Hearing to hear and consider citizen input on the project, IS, and ND on 24 May 2010 at 7:00 pm in the Bishop City Council Chambers, 301 West Line Street, Bishop, California.
