## Public Works News Release

### Bishop Proposes Street Improvements

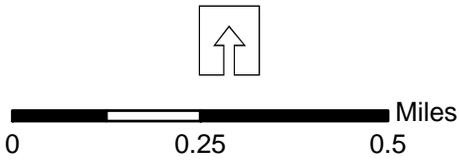

In the next few years, many streets in the City of Bishop may get a major face lift from several proposed street projects. Funds for these projects could come from the voter's passage of propositions in the November 2006 elections, and from other sources.

The proposed improvements range from complete street reconstruction, similar to what was done last summer on Home Street, to the addition of benches at bus stops within the city. The projects are shown on the attached map and include:

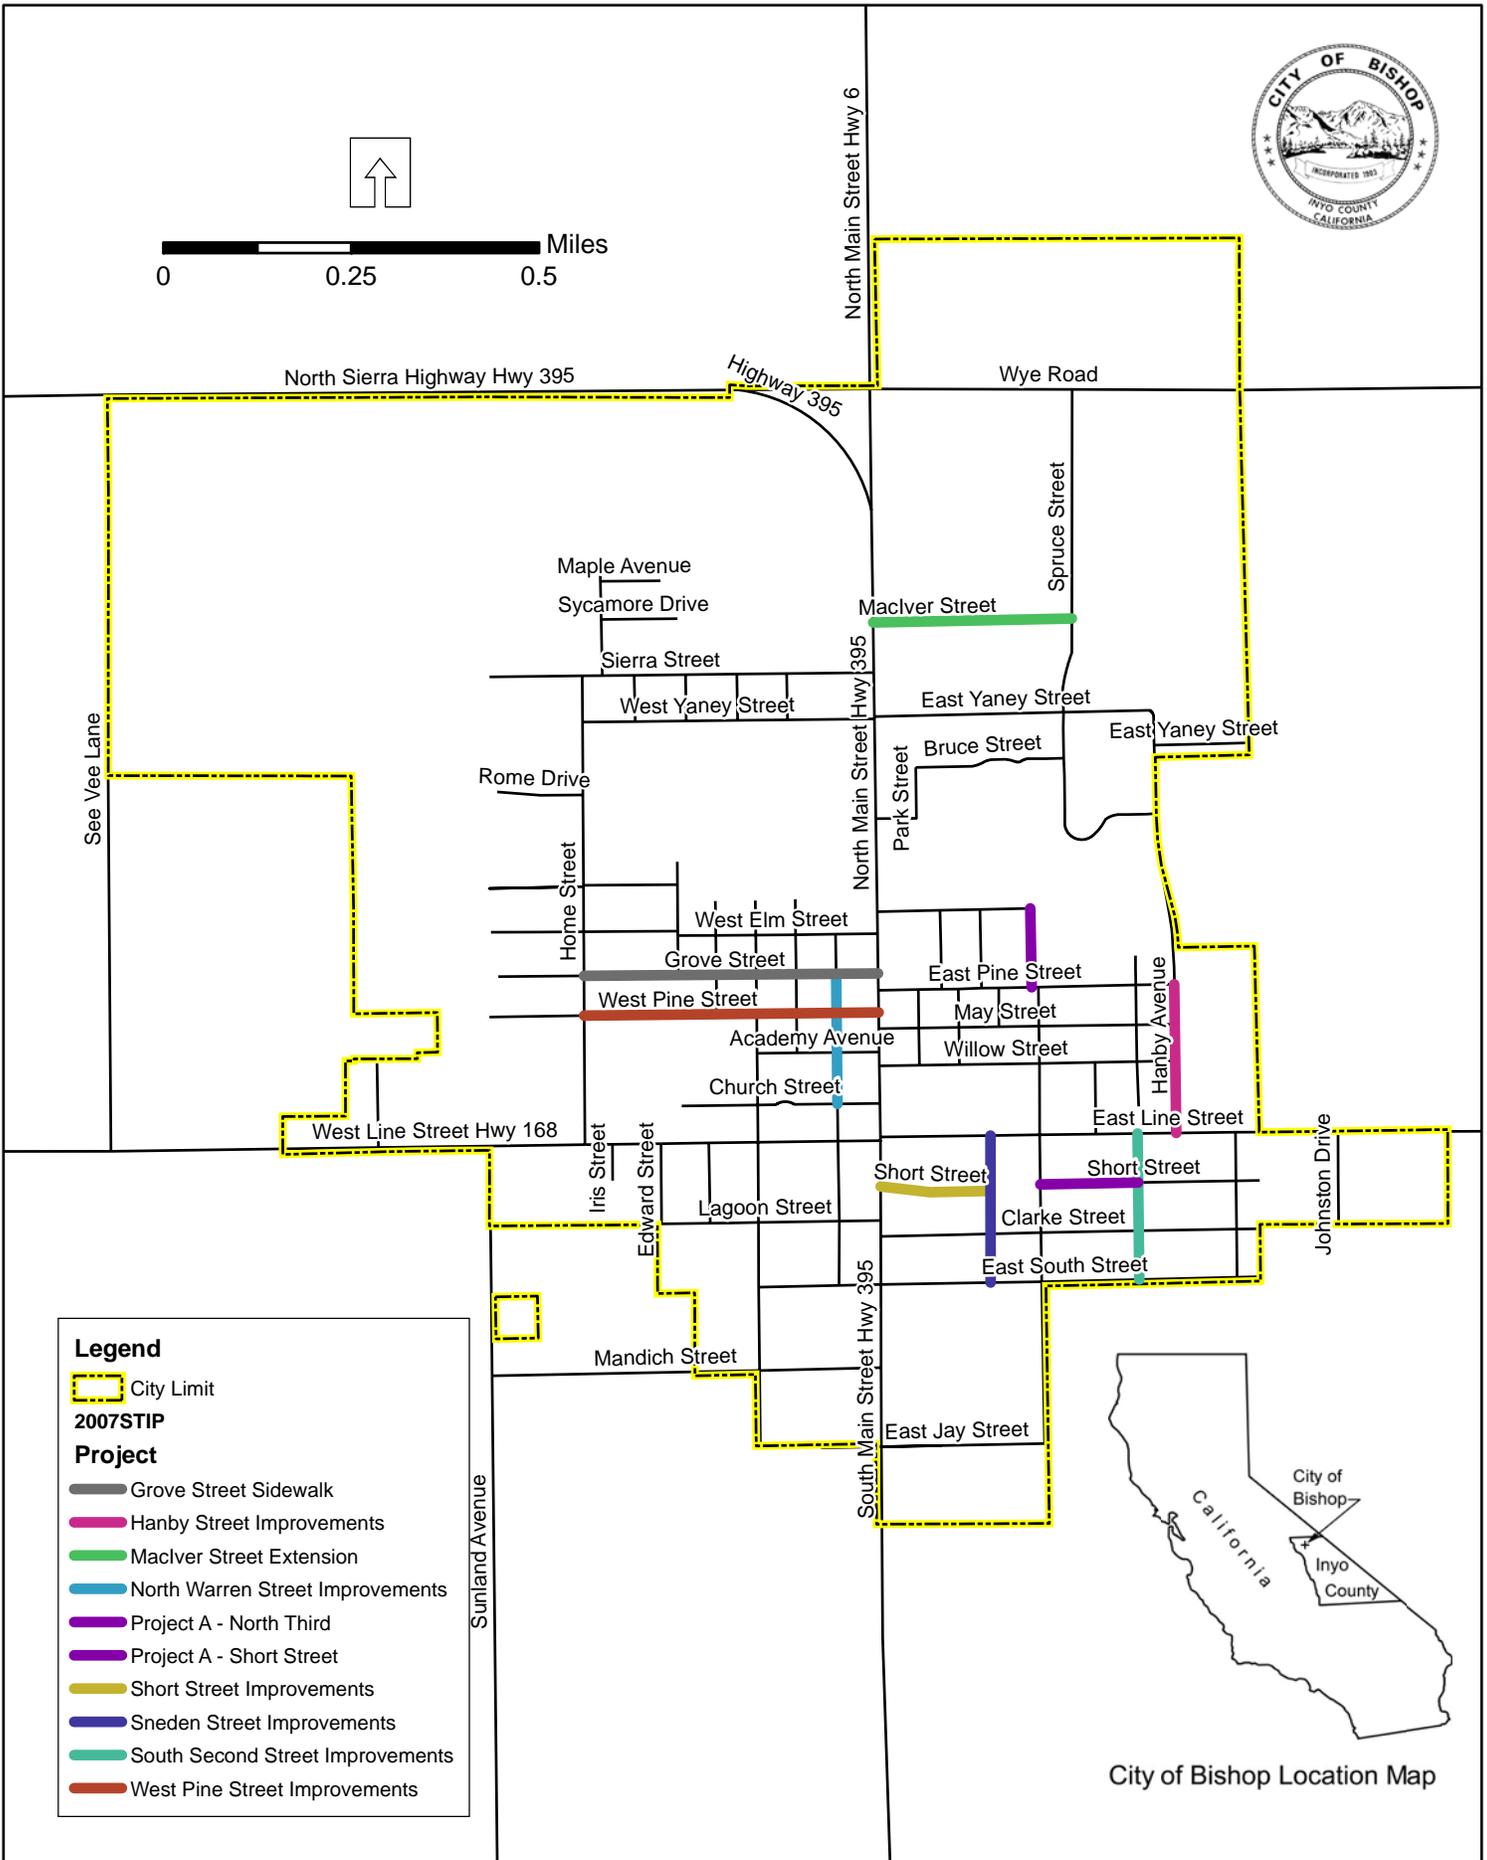

- **MacIver Street Improvements:** Extend to Spruce and add sidewalks.
- **Grove Street Sidewalks:** Sidewalks Main Street to Home Street.
- **South Second Street Improvements:** South Street to Line Street.
- **North Warren Street Improvements:** Church Street to Grove Street.
- **Snedden Street Improvements:** South Street to Line Street.
- **West Pine Street Improvements:** Main Street to Home Street.
- **Road Project A:** North Third (Pine to Elm) and Short (Second to Third).
- **Short Street Improvements:** Sneden Street to Main Street.
- **Hanby Street Improvements:** Line Street to Pine Street.
- **Bus Pullouts:** About 10 bus pullouts and benches on various streets.

Public meetings will be held in the next few months to provide more information about these projects and gather input on their design.

For more information contact City of Bishop Public Works at 760-873-8458 or [publicworks@ca-bishop.us](mailto:publicworks@ca-bishop.us).
