Public Works News Release

Pine to Park Path Information Meeting

There will be a meeting on Thursday, August 27, 2009 to present and discuss the Pine to Park Path project. The meeting will be at 7:00 p.m. in the City of Bishop Auditorium at City Hall. Anyone interested in the proposed path should attend this meeting.

The Pine to Park Bike Path project will construct an approximate 1,000 foot long paved pedestrian and bicycle path. The path would extend from the north end of an existing alley just north of East Pine Street and east of North Third Street to the existing paved path in the park near the intersection of Spruce Street. The function of the proposed project is to provide a safe, all-weather bicycle and pedestrian connection between the neighborhood located south of the park and Bishop City Park. The need for the proposed project is to provide north and south access for pedestrians and bicyclists about midway between North Main Street and Hanby Street to the Bishop City Park. The 14-foot wide path is proposed with 8-feet of paving and 3-foot unpaved shoulders. The public is invited to come to the meeting to learn more about the project and to provide comments on the project.

For more information contact City of Bishop Public Works at publicworks@ca-bishop.us or 760-873-8458. Press releases posted at <http://www.ca-bishop.us/Advertisements/Releases/Releases.htm>
