## **Public Works News Release**

### **City Street Trees Available**

There are still trees from the City of Bishop Grove Street Sidewalks project available. These trees are now available for use throughout the city. Requests for these trees should be submitted to Bishop Public Works as soon as possible.

The Grove Street Sidewalks project provided 80 trees - about 2 trees for every property along Grove Street between Home Street and Main Street. The project has been complete for several weeks and property owners and residents along Grove Street have not picked up all of the trees so the remaining trees are now available for planting throughout the city.

Owners and residents of the City of Bishop that would like trees remaining from the Grove Street Sidewalks project should submit written requests to the City of Bishop Department of Public Works at 377 West Line Street or [publicworks@ca-bishop.us](mailto:publicworks@ca-bishop.us) as soon as possible. If any trees are left over after this process, the trees will be made available to anyone in the Bishop area.

For more information contact City of Bishop Public Works. Press releases posted at <http://www.ca-bishop.us/Advertisements/Releases/Releases.html>.
