Public Works News Release

Pine to Park Path Meeting

There will be a meeting to discuss the City of Bishop Pine to Park Path project on Wednesday, 31 August 2011. The meeting will be from 5 to 6:30 pm in the conference room at City Hall, 377 West Line Street.

The Pine to Park Path project will construct a new paved pedestrian and bicycle path from an alley on East Pine Street north into the park next to the Community Garden and ending near the Senior Center on Spruce Street. The 1,100 foot path will provide a safe, all weather connection from the neighborhood to the south into the park. The project could be constructed as early as the summer of 2012.

The purpose of the meeting is to provide information, answer questions, and receive comments about the project. The meeting is in conjunction with the formal public comment period on the environmental document for the project. The environmental document for the project - a Negative Declaration or "ND" - is available for review on the city website ca-bishop.us or at City Hall. A Public Hearing on the environmental document will be scheduled for a City Council meeting in the next month or so.

For more information contact City of Bishop Public Works. Press releases posted <http://www.ca-bishop.us/Advertisements/Releases/Releases.html>.
