

PRESS RELEASE

NEIGHBORHOOD BEAUTIFICATION PROGRAM

Fall City Clean-up Set for Saturday, December 2, 2006

The City of Bishop, as part of our on-going City Beautification Program, will be placing special trash containers throughout the City. The purpose is to assist residents in the voluntary clean-up of our neighborhoods. The City in cooperation with Bishop Waste Disposal will spot the “roll off” type bins for use by residents at the following locations:

1. City of Bishop Parking Lot on South Fowler Street
2. Near the intersection of Rome and Home Streets
3. City Park behind Field No. 3 (near the back of the Park)

The bins will be placed at the locations the afternoon of Friday, December 1st and will be removed on Monday, December 4th. Residents are encouraged to utilize the trash bins for property and neighborhood clean-up. Please keep the site clean by placing all materials inside the bins. All items will be accepted with the exception of:

1. Hazardous materials such as ashes, paint, oil, etc.
2. Appliances such as televisions, refrigerators and computers.

The City of Bishop is proud to participate in this type of program aimed at making our fine City even more beautiful.

Thanks to all of our residents and business owners who are participating in the on-going effort at making our City the best that it can be.

Questions can be answered by calling the Public Works Department at 873-8458.
