## **Public Works News Release**

### **Home Street Construction Update 8**

Sierra Nevada Construction has started repaving Home Street. Paving is expected to be complete Friday 15 September. Once paving is complete only minor work is left on the City of Bishop Home Street Improvements project. The work remaining after paving include signs, pavement stripes, and raising sewer manholes and water valves.

Paving will have significant impact on traffic. Construction operations that close both lanes of traffic will be suspended during the morning and afternoon school rush hours, but drivers should continue to avoid Home Street until all construction is complete.

Many Home Street property owners are picking up new trees supplied by the Home Street project. The Los Angeles Department of Water and Power, owner of several parcels on Home Street, received 12 coupons redeemable for Home Street project trees. DWP donated all 12 trees back to the City of Bishop. Bishop appreciates this donation and will distribute the returned trees to other property owners on Home Street. Home Street tree coupons must be redeemed at the Bishop Nursery before the end of September.

For more information contact City of Bishop Public Works at 760-873-8458 or [publicworks@ca-bishop.us](mailto:publicworks@ca-bishop.us).
