Public Works News Release

Home Street Construction Update 9

Construction of the City of Bishop Home Street Improvements project is almost complete. Pedestrians, bike riders, drivers, and residents have been enjoying the new pavement and sidewalks provided by the project. The inconveniences of construction are starting to fade from memory.

About the only visible work left to be done is the placement of traffic signs and painting stripes and markings on the pavement. This minor work is expected to be complete in the next two weeks. Traffic impacts of this remaining work should be small compared to the impacts of the pavement work. Please stay off the wet paint!

Tree coupons distributed for the project are good through Saturday, 30 September. Most of the coupons have been redeemed but it appears there will be 10 to 20 trees that won't be picked up by the expiration date. The trees that are not picked up will be distributed back to properties on Home Street by request. Requests for additional trees should be made in writing to Bishop Public Works at the address above or to publicworks@ca-bishop.us.

For more information contact City of Bishop Public Works at 760-873-8458 or publicworks@ca-bishop.us.
