

# Patricia Gardner

## Council Member

### Term

November 2012 – November 2016

## Personal Information

My family moved to Bishop in 1960 when my father transferred within California Department of Transportation. I attended elementary school and graduated from Bishop Union High School in 1971. I left the valley to attend college in Idaho then graduate school in Chicago. My husband Ted and I moved back to Bishop in 1981 to raise our family and our two boys graduated from BUHS also. I owned Sports Medicine and Rehab Therapy until 2010 and now work part time when Pioneer Home Health or S.P.O.R.T. need an extra therapist for a week or two. I still enjoy treating patients and helping them to actively enjoy our beautiful valley. I am active in the United Methodist Church where I teach Sunday school, serve on governing committees and support the programs of United Methodist Social Services. I volunteer my services to Hospice of the Owens Valley, now a part of PHHC, Inc. I am thankful to wake up each day to beautiful sunrises over the White Mountains and to end the day with glorious sunsets over the Sierras.

## Occupation
