Public Works Report

January 2013

Water

1. Removed and replaced galvanized water service at 463 South Street. Replaced service with poly pipe and a new curb stop valve.
2. Potholed water mains in the intersection of South Third and Clarke Street for design specifics for the Clarke Street Water Main Replacement Project.
3. Located water service and installed valve box at 873 Chamberlain.
4. Repaired fill stem at the Fowler Street Materials Pit. Damage occurred due to freezing.
5. Stantec continues to work on SCADA. Added a time of use tab to Well 2 to better control what time the well runs to avoid using electricity during SCE peak hours
6. Continued work with Resource Concepts Incorporated (RCI) to design a solution to keep the 12 inch main full between Well 4 and the storage tank.
7. RCI surveyed and monumented the city's water rights parcel on the South Fork of Bishop Creek.
8. Performed grounds maintenance at Wells 2 and 4 as well as the tank site.
9. Took monthly readings of all water meters.
10. Took routine bacteria samples.
11. Held meeting of the Bishop Water and Sewer Commission.
12. Provided data to Willdan as they start work on the Water and Sewer Rate Study.
13. Worked to clarify ownership of in county records of city parcel north of Well 2.
14. Determined the standard City of Bishop water service detail is probably adequate for residential fire services required by current building codes.

Sewer

1. Continued design efforts with RO Anderson for the trunk line replacement from the Bishop Creek Canal to the Waste Water Treatment Plant.

2. The Frost Company completed installation of the new Headworks screen. On January 29 the Lakeside service technician conducted startup of the screen and put it in to operation.
3. Cleared plugged sewer lateral that services the former Kmart property. Bill for city's time and equipment has been sent to property manager.
4. Repaired sewer lateral at 406 East Line Street and 363 Academy Avenue at owners request and billed accordingly.
5. Secured bids and purchased grating for the Waste Water Treatment Plant at the Headworks. The grating was purchased for \$2,677.32 and was installed by Public Works Staff.
6. Installed yard hydrants in various locations around the Headworks.
7. Cleaned plugged sewer under the 600 block of North Main Street. Large volumes of grease were found during cleaning.
8. Made minor adjustments and repairs to one of the two sludge pumps. Pump will be scheduled for rebuild in the near future.
9. Continued sampling of ponds and monitoring wells for dissolved oxygen, PH, ammonia and nitrates. This effort is to correspond with work the Eastern Sierra Community Service District is presently doing.
10. SCADA work continues. Brought the new Headworks screen into the system.
11. Put flow recorder back into operation.
12. Videoed more of the sewer main system.
13. Cleaned sludge drying beds.
14. Made routine inspections of grease interceptors.
15. Performed routine main line cleaning in trouble areas.
16. Release request for bids for the purchase of grit equipment for the Headworks project.

Streets

1. Cleaned trash and debris from alley that leads to Well 2.
2. Patched broken curb on Spruce Street.
3. Swept city streets and alleys.
4. Continued to work with NV5 to complete a set of street improvement plans for Sneed Street in anticipation of a second public meeting set for February 12, 2013.

5. Sent 260 letters to neighbors of the Sneden Street Improvements project inviting them to the Public Meeting 12 February.
6. Patched potholes in City streets that posed potential safety issues.
7. Held monthly meeting with the Warren Street Focus Group.
8. Held Look and Feel Workshop for Warren Street Improvements project.
9. Explored possibility of relocating or undergrounding utilities on Warren Street for the Warren Street Improvements project.
10. Opened bids and award contract for First Street Drainage project to V and C Construction.
11. Participated in Rural Counties Task Force teleconference.
12. Attended off highway vehicle group meeting in Bishop.
13. Identified potential alternative routes for the Adventure Trails combined use facilities in the city.
14. Attended FHWA webinar concerning right of way acquisition using federal funds.
15. Met with ROAnderson and Bishop Community Garden volunteers concerning final design of the Pine to Park Path.
16. Recorded a Public Service Announcement on the Sneden Street Improvements project.
17. Reviewed and commented on duct placement for Digital 395 on city streets.
18. Continued work to acquire right of way for the Wye Road Intersection Improvements project.
19. Cleaned up graffiti.

Miscellaneous

1. Assisted Park Crew with relocation of trees at City Hall.
2. Installed new starter in F700 dump truck..
3. Performed maintenance and serviced Public Works vehicles.
4. Provided weekly tail gate safety for the Public Works crew.
5. Hauled trash and debris from Fowler Pit to the Sunland Landfill.
6. Participated in Eastern Sierra Energy Foundation teleconference.
7. Met with Inyo Mono Advocates for Community Action concerning upcoming Community Development Block Grant (CDBG) cycle.

8. Continued work on Geographic Information System update funded by CDBG.
