## **Public Works News Release**

### **Fireworks**

Many celebrate the birth of our nation with fireworks. The best place to see and set off fireworks in the Bishop area is at the Bishop Airport. The Bishop Volunteer Firefighters put on a great fireworks show and the airport is a safe place to set off the fireworks you've purchased. Plus donations for the show support the Bishop Volunteer Firefighters.

If you don't go to the airport for the Fourth of July but still want to set off fireworks, you will need to be especially careful:

- Fireworks aren't allowed on most public property including city streets. Drivers may not anticipate people, including children, along the streets and it can be dangerous.
- It's hot and dry and even "safe and sane" fireworks can easily start fires. Be prepared and be careful.
- Be a good example to your family, friends, and neighbors and leave the area clean when you are done with the celebration, especially public places and streets.

For more information contact City of Bishop Public Works at [publicworks@ca-bishop.us](mailto:publicworks@ca-bishop.us) or 760-873-8458. Press releases posted on the city website.
