Public Works Report

December 2014

Water

1. Constructed new 1 inch water service at 286 Sneed Street. Existing service was compromised by tree roots.
2. Replaced solenoid manifold valve on the Cla-Val at the Storage Tank site.
3. Marzano and Sons Construction completed majority of water main work on the Warren, South and Academy Streets Utility Improvements Project and has begun sewer work.
4. City Forces abandoned the 4 inch main on North Warren.
5. City Forces assisted Marzano Construction with Main Line water shut downs.
6. Continue working with Terra Verde to implement solar power at Wells 2 and 4.
7. Installed a 1 foot extension on fire hydrant at West Line and South Warren.
8. Constructed a temporary water service on Academy Avenue to allow clearance for new water main.
9. Performed grounds maintenance at Wells 2 and 4 as well as the tank site.
10. Took monthly readings of all water meters.
11. Took routine bacteria samples.
12. Met with representative of California Rural Water Association concerning an update of the assessment of protection of our well sites from contamination.
13. Continued work with California Rural Water Association to prepare a water conservation plan for the city. This is a free service of the association.

Sewer

1. Provided daily monitoring of the Pilot Project.
2. Marzano Construction began sewer main work on Academy Avenue.

3. Assisted Rollins Electric with the installation of a power transformer at the Waste Water Treatment Plant. This transformer will make emergency connections of the generator safer and quicker.
4. Cleared plugged sewer at the intersection of West Elm and Hobson Street.
5. Repaired a separated joint in the sewer main under May Street near Hanby Avenue.
6. Replaced sprockets and adjusted flight chains in the south clarifier.
7. Videoed and evaluated sewer main lines that have not been reviewed in some time.
8. Performed routine maintenance to the Johnston Drive Lift Station.
9. Performed grounds maintenance at the Waste Water Treatment Plant.
10. Continued with the Collaboration effort with Eastern Sierra Community Services District.
11. Cleaned sludge drying beds.
12. Made routine inspections of grease interceptors.
13. Performed routine main line cleaning in trouble areas.

Streets

1. Continued the process of replacing all street name signs within the city.
2. Completed annual Fall Street Sweeping Program.
3. Removed numerous tree limbs from city streets after severe wind event.
4. Prepared snow removal equipment in anticipation of forecasted snow.
5. Cleaned all drop inlets within the City's storm drain system in anticipation of winter.
6. Patched potholes in City streets that posed potential safety issues.
7. Repaired and or replaced damaged street signs.
8. Participated in Inyo Local Transportation Commission meeting.
9. Attended Adventure Trails meeting at the Inyo County Board of Supervisors meeting.
10. Participated in meeting with Inyo County and their consultant working on the Active Transportation Plan and the Regional Transportation Plan.
11. Met with owner and contractors at 852 Lee Street concerning potential driveway work there.
12. Continued review of submittals for Warren Street Improvements project.

13. Met with consultant doing hazardous waste investigation of Church Parking Square and city hall.

Miscellaneous

1. Performed maintenance and serviced Public Works vehicles.
2. Provided weekly tail gate safety for the Public Works crew.
3. Hauled trash and debris from Fowler Pit to the Sunland Landfill.
4. Participated in meeting of the Information Technology Committee.
5. Participated on interview committee for the Inyo Deputy Director of Public Works.
6. Participated in field review by Terra Verde project manager of proposed solar installation sites.
7. Provided input to update of the Economic Development Element of the Bishop General Plan.
