## **Public Works News Release**

### **Bishop Water Project Almost Complete**

The last few water Customers along May, Willow, and North Third Streets in Bishop are being switched over to the new water lines constructed on those streets in recent weeks. All work on the water line project is expected to be complete by Friday 17 December.

The \$480,000 City of Bishop project constructed new water line and water services along May Street and parts of Willow and North Third Streets and added and replaced fire hydrants. The project was funded from city water funds and the contractor has been Marzano and Sons from June Lake.

Everyone's patience with the inconveniences during the construction of the project has been greatly appreciated. That patience on the part of residents, businesses, drivers, pedestrians and others helped make it a very successful project for the City of Bishop.

For more information contact City of Bishop Public Works. Press releases posted at <http://www.ca-bishop.us/Advertisements/Releases/Releases.html>.
