**BISHOP UNIFIED SCHOOL DISTRICT**

**News Release**

**Drive Carefully Near Schools**

With the beginning of the new school year in Bishop on Monday, 22 August, the Bishop Unified School District and the Bishop Police Department remind drivers and students to be especially careful. Drivers and pedestrians should be careful all the time, but right now at the start of a new school year makes being careful especially important.

Most children think of school as their second home - a place where they feel safe. On Monday students will return to school so allow extra traveling time to keep them safe. Getting to and from school, work, and other commitments can make drivers want to rush, even near the schools. Drivers should slow down and be especially careful near the schools. This is not a good time to drive even close to as fast as the speed limit. Parents should remind their walking students to be careful.

The Bishop Unified School District and the Bishop Police Department remind drivers and pedestrians to be careful at the beginning of the school year. This is no time for the tragedy of a school zone accident.

For more information contact the Bishop Police Department at 760-873-5823.
