Morning Drop-off Changes at Home Street School

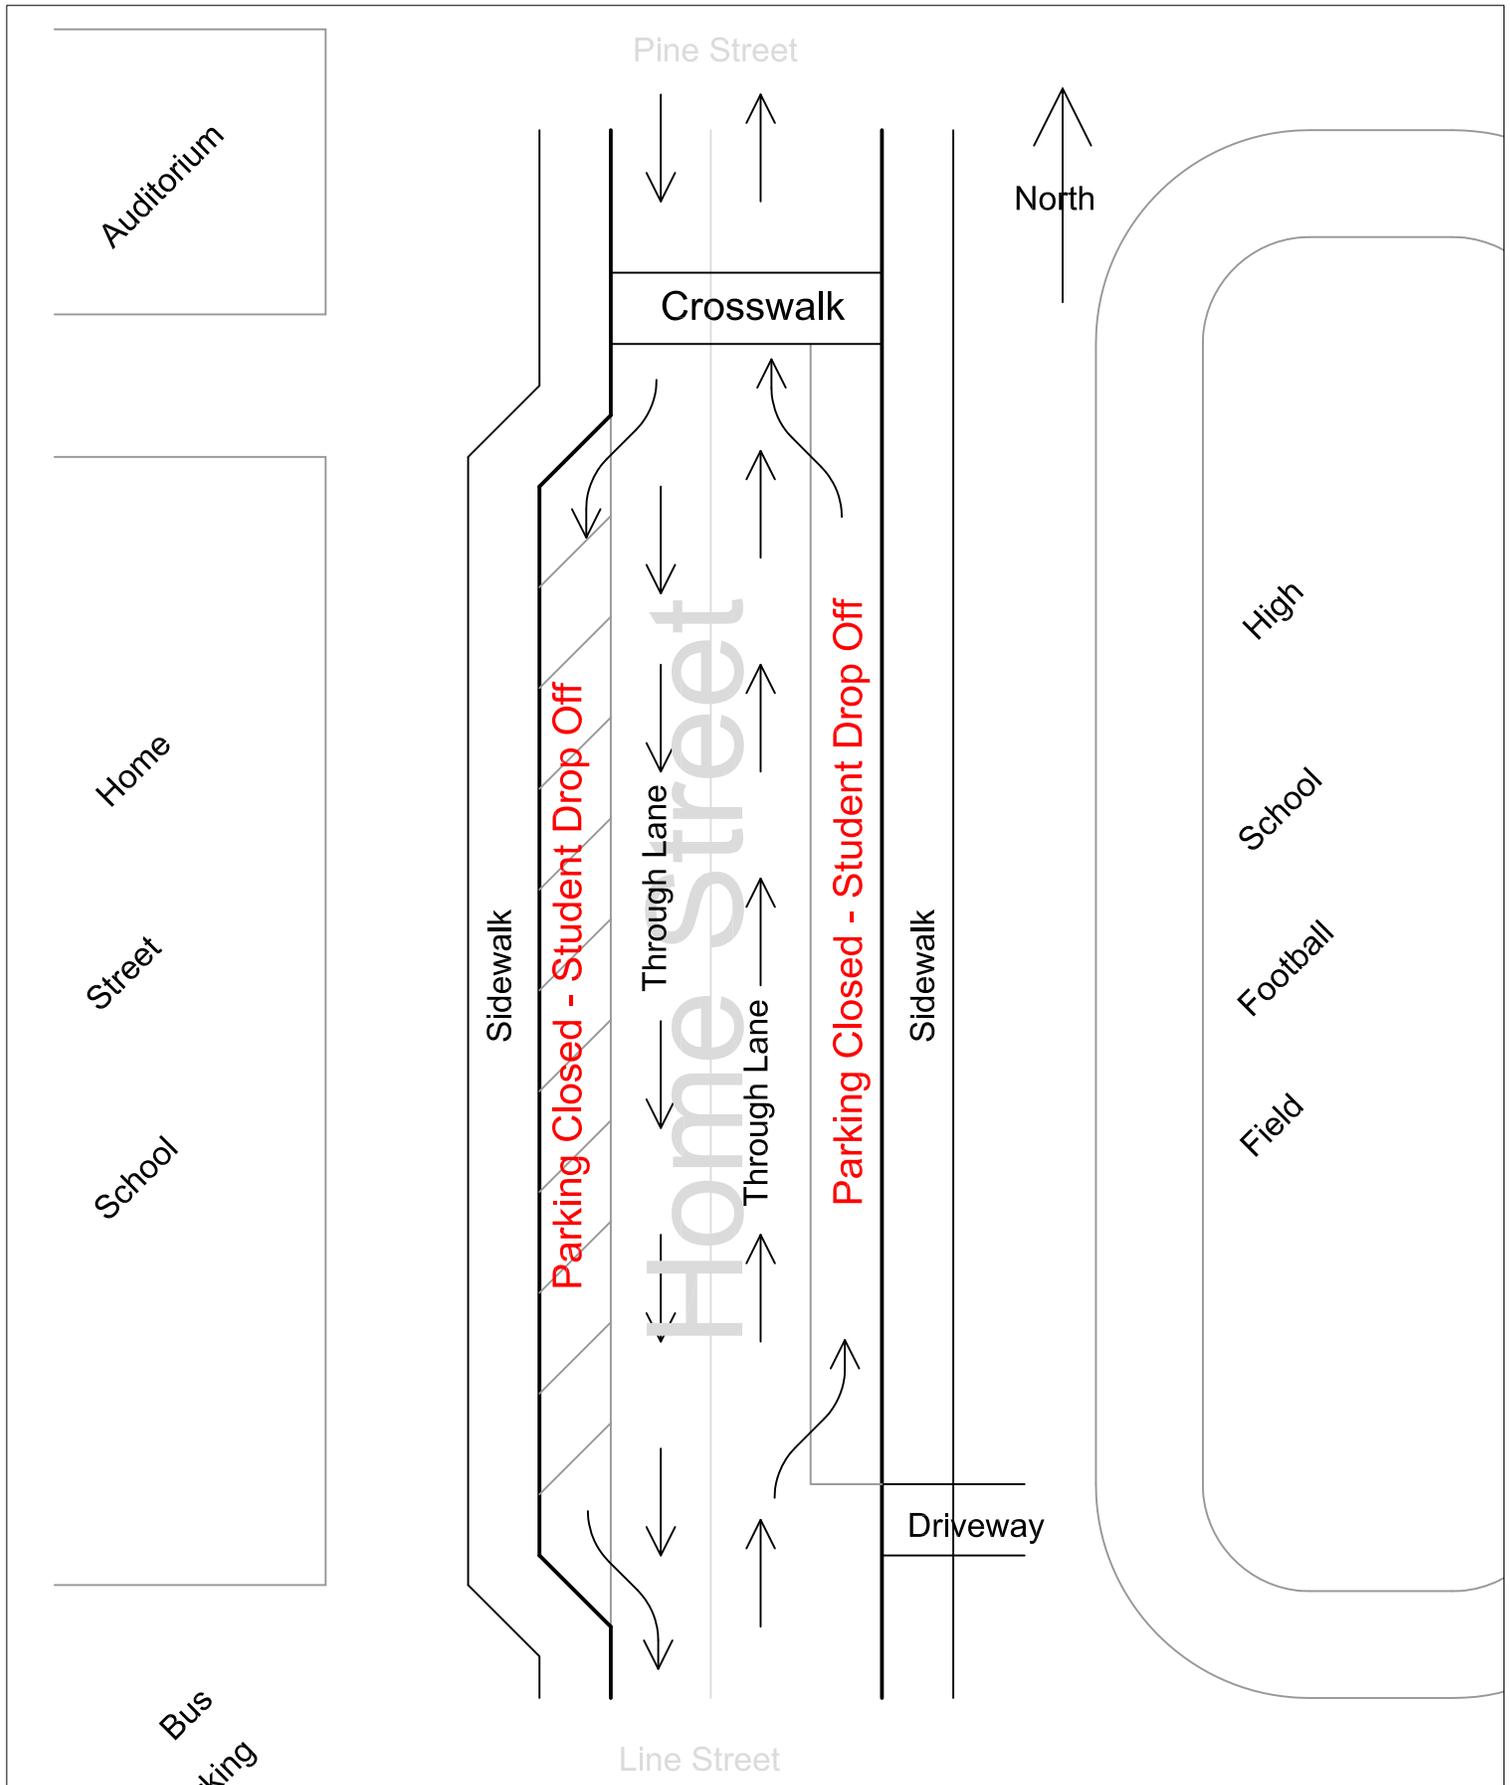

In order to continue to ensure the safety of students and community members morning drop-off procedures will be changed for Home Street Middle School students. There are a greater number of students dropped off in the morning compared to the afternoon and it is hoped the changes will improve safety and eliminate the backing up of vehicles into oncoming traffic from the parking directly in front of the school.

The diagonal parking stalls on the west side of Home Street in front of the Home Street School and along the curb on the opposite side of the street are designated to be drop-off locations only. There is no parking at these locations on school mornings.

For vehicles traveling south on Home Street: The diagonal parking stalls directly in front of the school will now be a drop off lane in the morning. We are asking drivers to pull all the way to the south end of the drop off lane before stopping their vehicle for the student to exit.

For vehicles traveling north on Home Street: The curb parking directly across the street from the diagonal parking stalls will be drop-off only. Students can then safely cross Home St at the manned crosswalk directly in front of the school.

Please pay attention to the signs posted at the school and keep the flow of traffic moving. The school is asking parents to drop off children in the designated areas and then drive through. For parents that would like to park their vehicle and come into the school we welcome you to park in the Bus Parking Lot on the corner of Line and Home. Again, this is for the morning only. Parking in the Bus Parking Lot in the afternoon is not allowed. Do not park your car in the "Student drop off area." If you do so, you will delay the rest of the traffic trying to drop of their children. Be courteous to other drivers, students, and follow the school rules. See map on back.
