The Bishop City Council invites the community to participate in a community workshop on Wednesday, May 10th from 4:00 pm to 7:00 pm at the Executive Conference Room in City Hall to help the City draft a values statement reflective of the Bishop community.

The City Council considered preparation of a values state at their meeting on April 10th, after several members of the community attended previous meetings requesting the Council adopt a statement in essence stating all people are welcome. The Council hopes that a workshop will be a more welcoming environment for a broader demographic of the community to give their input on a shared values statement representing the community.

The workshop will include interactive stations focusing on the importance of a values statement, major themes, and the opportunity to draft a personal version for consideration by City Council for adoption. Everyone is encouraged to come by at any time between 4:00 pm and 7:00 pm on May 10th to share their vision of Bishop's values as a community.
